The Mauritius Revenue Authority (MRA) informs all stakeholders concerned that the facility for reporting in respect of FATCA is now available on the MRA's website: <http://www.mra.mu>.

Stakeholders are therefore requested to submit their FATCA report in the XML format (as per IRS specifications) for onward transmission to the IRS. They will thereafter be able to verify the status of their report on the FATCA portal, available on the MRA's website.

The MRA reminds the Financial Institutions concerned that deadline for FATCA reporting is the 31st July 2015.

Kindly note that a password and a username are required for FATCA reporting through MRA E-services. The passwords are delivered by the MRA upon registration for FATCA Reporting.
