PRESS RELEASE

VACCINATION AGAINST INFLUENZA AT THE MRA

The Mauritius Revenue Authority (MRA) organised a vaccination programme for its staff on Tuesday 20th and Wednesday 21st June 2017 at the MRA Head Office and Custom House respectively. The vaccination programme aims at immunizing MRA staff against ailments which are common in winter and MRA staff responded positively to the programme by turning up in huge numbers for the vaccination, which was organised in collaboration with the Ministry of Health and Quality of Life (MoHQL). The vaccination also provides immunity against the prevailing viral influenza.

It is to be noted that during this exercise, nearly 500 employees were vaccinated (MRA Head Office: 285 and Custom House: 209). The vaccination programme was made possible due to the close collaboration between the MRA and the MoHQL.
