Synthesised text of the MLI and the Agreement between the Government of the State of Qatar and the Government of the Republic of Mauritius for the Avoidance of Double Taxation and the Prevention of Fiscal Evasion with respect to Taxes on Income

This document was prepared in consultation between the competent authorities of Mauritius and the State of Qatar and represents a shared understanding of the modifications made to the Agreement by the Multilateral Convention.

General disclaimer on the Synthesised text document

This document presents the synthesised text for the application of the Agreement between the Government of the State of Qatar and the Government of the Republic of Mauritius for the Avoidance of Double Taxation and the Prevention of Fiscal Evasion with respect to Taxes on Income signed on 28 July 2008 (“the Agreement”), as modified by the Multilateral Convention to Implement Tax Treaty Related Measures to Prevent Base Erosion and Profit Shifting signed by the Republic of Mauritius on 05 July 2017 and by the State of Qatar on 04 December 2018 (the “MLI”).

The document was prepared on the basis of the MLI position of the Republic of Mauritius submitted to the Depositary upon ratification on 18 October 2019 and of the MLI position of the State of Qatar upon ratification on 23 December 2019. These MLI positions are subject to modifications as provided in the MLI. Modifications made to MLI positions could modify the effects of the MLI on the Agreement.

The authentic legal texts of the Agreement and the MLI take precedence and remain the legal texts applicable.

The provisions of the MLI that are applicable with respect to the provisions of the Agreement are included in boxes throughout the text of this document in the context of the relevant provisions of the Agreement. The boxes containing the provisions of the MLI have generally been inserted in accordance with the ordering of the provisions of the 2017 OECD Model Tax Convention.

Changes to the text of the provisions of the MLI have been made to conform the terminology used in the MLI to the terminology used in the Agreement (such as “Covered Tax Agreement” and “Agreement”, “Contracting Jurisdictions” and “Contracting States”), to ease the comprehension of the provisions of the MLI. The changes in terminology are intended to increase the readability of the document and are not intended to change the substance of the provisions of the MLI. Similarly, changes have been made to parts of provisions of the MLI that describe existing provisions of the Agreement: descriptive language has been replaced by legal references of the existing provisions to ease the readability.

In all cases, references made to the provisions of the Agreement or to the Agreement must be understood as referring to the Agreement as modified by the provisions of the MLI, provided such provisions of the MLI have taken effect.

Article 4 - Resident

1. For the purposes of this Agreement, the term “resident of a Contracting State” means:
 - (a) in the case of Qatar, any individual who has a permanent home, his centre of vital interest, or habitual abode in Qatar, and a company incorporated or having its place of effective management in Qatar. The term also includes the State of Qatar and any local authority, political subdivision or statutory body thereof;

This term, however, does not include any person who is liable to tax in Mauritius in respect only of income from sources in Mauritius.
2. Where by reason of the provisions of paragraph 1 an individual is a resident of both Contracting States, then his status shall be determined as follows:
 - (a) he shall be deemed to be a resident only of the Contracting State in which he has a permanent home available to him; if he has a permanent home available to him in both Contracting States, he shall be deemed to be a resident only of the Contracting State in which his personal and economic relations are closer (centre of vital interests);

 - (d) if the residence status of an individual cannot be determined in accordance with the provisions of subparagraphs (a), (b) and (c) above, then the competent authorities of the Contracting States shall settle the question by mutual agreement.
3. Where by reason of the provisions of paragraph 1 a person other than an individual is a resident of both Contracting States, then it shall be deemed to be a resident only of the State in which its place of effective management is situated.

Article 5 - Permanent Establishment

1. For the purposes of this Agreement, the term “permanent establishment” means a fixed place of business through which the business of an enterprise is wholly or partly carried on.
2. The term “permanent establishment” includes especially:
- (a) a place of management;
 - (b) a branch;
 - (c) an office;
 - (d) a factory;
 - (e) a workshop;
 - (f) premises used as sales outlet;
 - (g) a warehouse, in relation to a person providing storage facilities for others;
 - (h) a farm or plantation; and
 - (i) a mine, an oil or gas well or a quarry or such other place or an installation or structure used for the exploration, extraction or exploitation of natural resources.
3. The term “permanent establishment” also encompasses:
- (a) a building site, a construction, assembly or installation project or any supervisory activity in connection with such site or project, but only where such site, project or activity continues for period or periods aggregating more than six months within any twelve month period; and
 - (b) the furnishing of services, including consultancy services, by an enterprise through employees or other personnel engaged by the enterprise for such purpose, but only if the activities of that nature continue (for the same or a connected project) within a Contracting State for period or periods aggregating more than six months within any twelve month period.

4. Notwithstanding the preceding provisions of this Article, the term “permanent establishment” shall be deemed not to include:

- (a) the use of facilities solely for the purpose of storage, display, or delivery of goods or merchandise belonging to the enterprise;
- (b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage, display or delivery;
- (c) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;
- (d) the maintenance of a fixed place of business solely for the purpose of purchasing goods or merchandise or of collecting information, for the enterprise;
- (e) the maintenance of a fixed place of business solely for the purpose of carrying on, for the enterprise, any other activity of a preparatory or auxiliary character; or
- (f) the maintenance of a fixed place of business solely for any combination of activities mentioned in subparagraphs (a) to (e), provided that the overall activity of the fixed place of business resulting from this combination is of a preparatory or auxiliary character.

5. Notwithstanding the provisions of paragraphs 1 and 2, where a person – other than an agent of an independent status to whom paragraph 7 applies – is acting on behalf of an enterprise and has, and habitually exercises, in a Contracting State an authority to conclude contracts in the name of the enterprise, that enterprise shall be deemed to have a permanent establishment in that State in respect of any activities which that person undertakes for the enterprise, unless the activities of such person are limited to those mentioned in paragraph 4 which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph.

6. Notwithstanding the preceding provisions of this Article, an insurance enterprise of a Contracting State shall, except in regard to reinsurance, be deemed to have a permanent establishment in the other Contracting State if it collects premiums on the territory of that other Contracting State or insures risks situated therein through a person, other than an agent of an independent status to whom paragraph 7 applies.

7. An enterprise shall not be deemed to have a permanent establishment in a Contracting State merely because it carries on business in that State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business. However, when the activities of such an agent are devoted wholly or almost wholly on behalf of that enterprise, and conditions are made or imposed between that enterprise and the agent in their commercial and financial relations which differ from those which would have been made between independent enterprises, he will not be considered an agent of an independent status within the meaning of this paragraph.

8. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

Article 6 - Income from Immovable Property

1. Income derived by a resident of a Contracting State from immovable property (including income from agriculture or forestry) situated in the other Contracting State may be taxed in that other State.
2. The term "immovable property" shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufructs of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources; ships and aircraft shall not be regarded as immovable property.
3. The provisions of paragraph 1 shall apply to income derived from the direct use, letting or use in any other form of immovable property.
4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise and to income from immovable property used for the performance of independent personal services.

Article 7 - Business Profits

1. The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as is attributable to that permanent establishment.
2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.
3. In the determination of the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the permanent establishment, including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere, which are allowed under the provisions of the domestic law of the Contracting State in which the permanent establishment is situated.
4. In so far as it has been customary in a contracting State to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 shall preclude that Contracting State from determining the profits to be taxed by such an apportionment as may be customary; the method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles contained in this Article.

5. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

6. For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

7. Where profits include items of income which are dealt with separately in other Articles of this Agreement, then the provisions of those Articles shall not be affected by the provisions of this Article.

Article 8 - Shipping and Air Transport

1. Profits from the operation or rental of ships or aircrafts in international traffic and the rental of containers and related equipment which is incidental to the operation of ships or aircraft in international traffic shall be taxable only in the Contracting State in which the place of effective management of the enterprise is situated.

2. If the place of effective management of a shipping enterprise is aboard a ship, then it shall be deemed to be situated in the Contracting State in which the home harbour of the ship is situated, or, if there is no such home harbour, in the Contracting State of which the operator of the ship is a resident.

3. The provisions of paragraph 1 shall also apply to profits from the participation in a pool, a joint business or an international operating agency.

Article 9 - Associated Enterprises

1. Where:

(a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or

(b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

2. Where a Contracting State includes in the profits of an enterprise of that State – and taxes accordingly – profits on which an enterprise of the other Contracting State has been charged to tax in that other State and the profits so included are profits which would have accrued to the enterprise of the first-mentioned State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other State may make an appropriate adjustment to the amount of the tax charged therein on those profits. In determining such adjustment, due regard shall be had to the other provisions of this

Agreement and the competent authorities of the Contracting States shall if necessary consult each other.

Article 10 - Dividends

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State shall be taxable only in that other State.
2. The term "dividends" as used in this Article means income from shares or other rights, not being debt-claims, participating in profits, as well as income from other corporate rights which is subjected to the same taxation treatment as income from shares by the laws of the Contracting State of which the company making the distribution is a resident.
3. The provisions of paragraph 1 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated therein, or performs in the other State independent personal services from a fixed base situated therein, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment or fixed base. In such case, the provisions of Article 7 or Article 14, as the case may be, shall apply.
4. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other State, nor subject the company's undistributed profits to a tax on undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.

Article 11 - Interest

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State shall be taxable only in that other State.
2. The term "interest" as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage and whether or not carrying a right to participate in the debtor's profits, and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures. Penalty charges for late payment shall not be regarded as interest for the purposes of this Article.
3. The provisions of paragraph 1 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises, through a permanent establishment situated therein, or performs in the other State independent personal services from a fixed base situated therein, and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment or fixed base. In such case, the provisions of Article 7 or Article 14, as the case may be, shall apply.

4. Interest shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the interest, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment or fixed base, then such interest shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

5. Where, by reason of a special relationship between the payer and the beneficial owner of the interest or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Agreement.

Article 12 - Royalties

1. Royalties arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such royalties may also be taxed in the Contracting State in which they arise and according to the laws of that State, but if the beneficial owner of the royalties is a resident of the other Contracting State, the tax so charged shall not exceed 5 per cent of the gross amount of the royalties.

3. The term "royalties" as used in this Article means payments of any kind received as a consideration for the use of, or the right to use, any copyright of literary, artistic or scientific work (including cinematograph films and films, tapes or discs for radio or television broadcasting), any patent, trade mark, design or model, plan, secret formula or process, or for information concerning industrial, commercial or scientific experience.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise, through a permanent establishment situated therein, or performs in the other State independent personal services from a fixed base situated therein, and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment or fixed base. In such case, the provisions of Article 7 or Article 14, as the case may be, shall apply.

5. Royalties shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the royalties, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the liability to pay the royalties was incurred, and such royalties are borne by such permanent establishment or fixed base, then such royalties shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

6. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Agreement.

Article 13 - Capital Gains

1. Gains derived by a resident of a Contracting State from the alienation of immovable property referred to in Article 6 and situated in the other Contracting State may be taxed in that other State.

2. Gains from the alienation of movable property forming part of the business property of a permanent establishment which an enterprise of a Contracting State has in the other Contracting State or of movable property pertaining to a fixed base available to a resident of a Contracting State in the other Contracting State for the purpose of performing independent personal services, including such gains from the alienation of such a permanent establishment (alone or with the whole enterprise) or of such a fixed base, may be taxed in that other State.

3. Gains from the alienation of ships or aircrafts operated in international traffic or movable property pertaining to the operation of such ships or aircrafts, shall be taxable only in the Contracting State in which the place of effective management of the enterprise is situated.

4. Gains from the alienation of any property other than that referred to in paragraphs 1, 2 and 3, shall be taxable only in the Contracting State of which the alienator is a resident.

Article 14 - Independent Personal Services

1. Income derived by a resident of a Contracting State in respect of professional services or other activities of an independent character shall be taxable only in that State except in the following circumstances, when such income may also be taxed in the other Contracting State:

- (a) if he has a fixed base regularly available to him in the other Contracting State for the purpose of performing his activities; in that case, only so much of the income as is attributable to that fixed base may be taxed in that other Contracting State; or
- (b) if his stay in the other Contracting State is for a period or periods amounting to or exceeding in the aggregate 183 days in any twelve-month period commencing or ending in the taxable year concerned; in that case, only so much of the income as is derived from his activities performed in that other State may be taxed in that other State.

2. The term "professional services" includes especially independent scientific, literary, artistic, educational or teaching activities as well as the independent activities of physicians, lawyers, engineers, architects, dentists and accountants.

Article 15 - Dependent Personal Services

1. Subject to the provisions of Articles 16, 18 and 19, salaries, wages and other similar remuneration derived by a resident of a Contracting State in respect of an employment shall be taxable only in that State unless the employment is exercised in the other Contracting State. If the employment is so exercised, such remuneration as is derived therefrom may be taxed in that other State.
2. Notwithstanding the provisions of paragraph 1, remuneration derived by a resident of a Contracting State in respect of an employment exercised in the other Contracting State shall be taxable only in the first-mentioned State if:
 - (a) the recipient is present in the other State for a period or periods not exceeding in the aggregate 183 (one hundred eighty three) days in any twelve-month period commencing or ending in the taxable year concerned, and
 - (b) the remuneration is paid by, or on behalf of, an employer who is not a resident of the other State; and
 - (c) the remuneration is not borne by a permanent establishment or a fixed base which the employer has in the other State.
3. Notwithstanding the preceding provisions of this Article, remuneration derived from an employment exercised on board a ship or aircraft operated in international traffic may be taxed in the Contracting State in which the place of effective management of the enterprise is situated.
4. Notwithstanding the preceding provisions of this Article, salaries, wages, allowances and other remuneration received by an employee in a top-level managerial position in an airline or shipping enterprise of a Contracting State, who is stationed in the other Contracting State, shall be taxable only in the Contracting State in which the place of effective management of the enterprise is situated, provided that the employee was not resident in the other Contracting State immediately before he took up employment in the other Contracting State .

Notwithstanding the provisions of Articles 14 and 15, income derived by a resident of a Contracting State as an entertainer such as a theatre, motion picture, radio or television artiste, or a musician, or as a sportsperson, from his personal activities as such exercised in the other Contracting State, may be taxed in that other State.

2. Where income in respect of personal activities exercised by an entertainer or a sportsperson in his capacity as such accrues not to the entertainer or sportsperson himself but to another person, that income may, notwithstanding the provisions of Articles 7, 14 and 15, be taxed in the Contracting State in which the activities of the entertainer or sportsperson are exercised.

3. Income derived by a resident of a Contracting State from activities exercised in the other Contracting State as envisaged in paragraphs 1 and 2 of this Article, shall be exempted from tax in that other State if the visit to that other State is supported wholly or substantially by funds of either Contracting State, a political subdivision, a local authority or statutory body thereof, or takes place under a cultural agreement or arrangement between the Governments of the Contracting States.

Article 18 - Pensions and Annuities

1. Subject to the provisions of paragraph 2 of Article 19, pensions and other similar remuneration paid in consideration of past employment, and annuities paid to a resident of a Contracting State may be taxed in that State.

2. The term "annuity" means a stated sum payable periodically at stated times during life or during a specified or ascertainable period of time under an obligation to make the payments in return for adequate and full consideration in money or money's worth.

Article 19 - Government Service
