**Item: Tyre Inflation Valve**

**Description of goods:**

Tyre inflation valve, comprising the following components:

- (i) a rubber stem;
- (ii) a screw-on cap;
- (iii) a brass insert consisting of an opening,
- (iv) a pin, and a spring-loaded plunger mechanism;

the whole of which is inserted into a wheel on which a tyre is mounted.

When the pin head is manually depressed, the valve opens, thereby allowing the flow of air into or out of the tyre, depending upon the pressure differential.
