

The MAURITIUS REVENUE AUTHORITY is **HIRING!**

DIRECTOR, INNOVATION AND DIGITAL SERVICES

MRA is looking for qualified and experienced candidates, with proven integrity, for the post of **Director, Innovation and Digital Services**, on a five-year performance-based contract.

QUALIFICATIONS

A degree in Information Systems, Computer Science, Engineering, Cybersecurity, Data Science, Business Administration, Digital Transformation, or a related field.

Postgraduate qualifications and international certifications (e.g., CISM, CISSP, TOGAF, ITIL, cloud architect certifications) will be considered a strong advantage.

EXPERIENCE

A minimum of 15 years of progressively senior experience in digital leadership, technology strategy, enterprise systems, cybersecurity, or related fields, with demonstrated experience at executive or senior managerial levels.

Experience with large-scale transformation programmes, and technology leadership in revenue administrations or similarly complex entities, is highly desirable.

REMUNERATION

- The **monthly salary** for this post is MUR 257,660 x 7,410 - 279,890 x 9,425 - 345,865. The selected candidate may be offered an entry point within the salary scale.
- **Gratuity payment** equal to two months' salary upon satisfactory completion of each period of 12 months service.
- A **Monthly Car Allowance** of MUR 61,000.

JOB DETAILS & APPLICATION!

 www.mra.mu 

Candidates, unless already in service, should not have reached their 55th birthday by the closing date, for the submission of applications.

MRA reserves the right:

- to call only the best qualified and experienced candidates for the selection exercise; and
- not to make any appointment as a result of this advertisement.

Closing Date: Monday 15 June 2026
